

## **Code of conduct**

### **International Congresses**

In the case of international congresses held in Australia, it may be acceptable to display or supply information\*for a product\* not approved for registration\* in Australia or a non-approved indication of a product registered in Australia, provided that any material used clearly identifies that it refers to a product or indication not approved in Australia, and that the product or indication, as appropriate, is approved overseas.

An appropriately worded label, prominently located, would be sufficient to satisfy this Section. This label must state that the product or indication is unapproved in Australia. Information regarding products not approved for registration in Australia or non-approved indications of a product registered in Australia must be consistent with the Product Information\* in the country where the product is registered. Such Product Information must be available and distributed in accordance with this Code of Conduct. Products not approved for registration in Australia must be approved for marketing in an overseas country from which there are delegates registered at the conference.
